## Context

Established in 1999, New Century Education Centre Ltd. (NCEC) is committed to the educational and cultural collaboration between the UK and the Far East. Striving to provide the highest level of service and better service quality to its clients, the company develops in pace with the changing market trends and has enjoyed a popular prestige during the rapid expansion process. After four years of hard work, NCEC has grown into comprehensive enterprise with the cultural and educational industry as its leading effort. In the late 2001, the company has launched New Century brand to promote a range of services under the same New Century umbrella including New Century Education, New Century Services and New Century Real Estate.

The JEIS Group, whose headquarters is based in London, was founded in 1986 with the specific purpose of providing a quality insurance and risk management service to the rapidly growing number of Asian companies operating in the UK. The Group has grown substantially and, as a measure of our success, the Group is now the largest independent insurance broker organisation for Asian communities in London. The group is composed of the following companies:

**UK based:**

- Japan England Trading Limited
- Japan England Insurance Brokers Limited
- Japan England International Service Limited
- Japan Insurance Brokers Limited
- Korean Insurance Brokers Limited
- New Century Education Centre Limited
- Asian Insurance Brokers Limited

**Japan based:**

- Japan Insurance Network Limited

**Hong Kong based:**

- Japan Risk Consultant (H.K) Limited

**China based:**

- New Century Education Club

The fundamental idea of founding the education centre is largely based on the guardianship initiative. Being a successful insurance brokers company, we have mutually trusted clients all over the Far East. A large number of our clients entrust us to look after their young relatives in terms of their living and education in the UK. Due to the professional service we perform, more and more individuals approach to us and seek for our guidance and support. Being a UCAS member (membership no. 68382), we are fully committed to consultancy service for studying abroad, teacher training, joint schooling and vocational training in both the UK and Far East markets and have made achievements to strengthen the cultural and educational exchange and cooperation between countries. Our aim is to provide educational consulting and services for oriental students to pursue their further studies in the UK whilst to develop and promote cultural exchange and cooperation between oriental countries and the UK.

# Key Facts

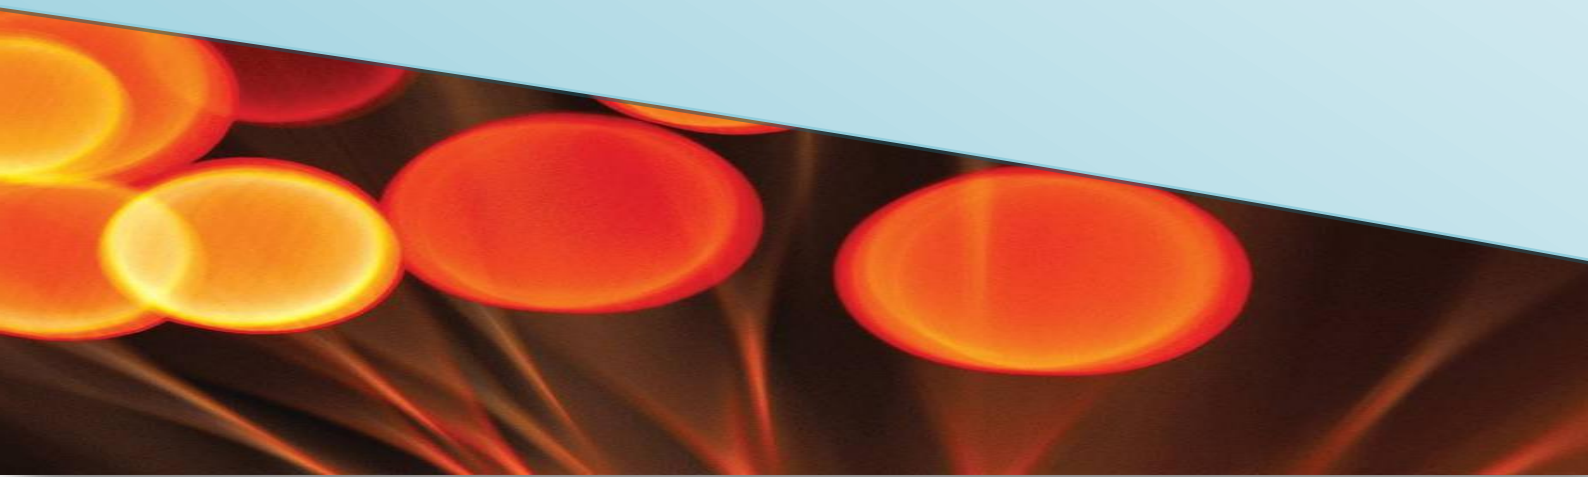

## Advanced Management System

Being the cornerstone of the JEIS. Group, New Century Education has gradually established a set of management regulations to ensure the professionalism and high quality of the advisory service. It is proud for us that all our staff have obtained high education experiences in the UK. Their own experiences are the best guidance to ensure the professionalism and high quality of the advisory service. In addition, the launch of [www.eliteedu.co.uk](http://www.eliteedu.co.uk) further improves the service quality and working efficiency by creating a user-friendly Esystem, which allows on-line consultation to prospective students.

## Broad Cooperative Relationship

In order to satisfy the diversified needs of students at different levels, New Century Education has established close cooperative relationships with a number of universities and colleges across the UK. With our blooming reputation, we pride ourselves on becoming one of the key agents for most of our partner universities and colleges.

## ■ Comprehensive Range of Free Services

New Century Education provides students with a wide range of free services from preliminary consultancy to formal application; from visa guidance to follow-on services such as airport pick-up, accommodation arrangement as well as assistance for settling down. Our well-regarded services help us further penetrate in three major targeted markets: licensed agencies across Japan, China and Taiwan, direct applicants through our on-line system and oriental students in the UK who are seeking assistance for their further studies in the UK.

## ■ Sponsoring Agency

New Century Education has pioneered itself in this advisory industry by putting forward the new concept of Free Services + Scholarships= Sponsoring Agency. Within this framework, we not only provide free services as we usually do to all our students, a scholarship scheme in a much wider scope has also been set up to encourage students to strive for academic excellence. Being one of the very few scholarships offered by Japanese-funded enterprises in the UK, New Century Scholarship Scheme is provided to all students, and has received an overwhelmingly positive response from a wide range of student communities since its initial launch.

# Long-term Objective

The long-term objective of New Century Education is to develop into an international organisation of professional educational services. Headquartered in London, we now have set up offices in Tokyo, Osaka, Shanghai, Guangzhou, Suzhou, Taiwan and Macao. We are confident that advantages of JEIS Group would be fully exploited to further open up gigantic educational market in Asia. We are currently endeavouring to explore the potential market in Korea and Thailand and are proud to announce the boosting growth in the number of our Korean and Thai clients.

# Current Educational Corporations

With rapid economic development of globalisation in oriental countries, more and more oriental students intend to study abroad in order to meet the demand of this development in terms of Arts, Business Management, IT and Engineering, etc..We aim to establish a wider range of collaboration and services for overseas oriental students to enable them of successfully pursuing their studies in the UK. At present, we have established a long-term relationship with several educational organisations as well as universities and colleges.

# New Century Services

New Century Services grows out of Japan England International Service. Being an independent department of the entire JEIS Group, New Century Services provides a wide range of promising services for overseas students and this includes:

- From preliminary consultancy to formal application
- We provide the latest information of British colleges and universities and give advice to our students on their further education
- Visa guidance
- Airport pick-up service
- Settling down services including accommodation arrangement, bank account opening, police station registration, etc.

More proudly, unlike other agents, we are not only taking care of the students before they come to the UK, but also looking after them after they start their studies. With the launching of our “Feedback Services” to the parents of our students, we will always keep close contact with the admission tutors and/or the guardians of the students regarding the progress they have made on their studies. We will then inform this to parents in order to supervise and urge the students along with the university. This has been welcomed by both our partner institutions and the parents of our students. We are experienced and, pleasantly, different. Here at NCEC we offer services that similar to other agents. And yet, it is not just our newness to the realm that makes us stand out.
